One-day course offers: This is Scouting, Youth Protection, and Cub Leader Specifics

Leader training is an essential part of every Cub Scout leader and parent. New and old leaders need to be informed with updated or recent changes to the Cub Scout program, and how it relates to each level. Learn how and why you should always stay above the requirements of providing the necessary knowledge and program tools through our training course.

All trainees are asked to wear their uniforms to promote scout spirit or just plain clothes will do too. Come prepared to take lots of notes and ask as many questions as possible. Our great training staff is comprised of volunteer leaders with many years of experience, just like you. Our staff is also Cub Scout Woodbadge Trained.

*****No registration is accepted at the door*****
